

WHOLE HOUSE CENTRAL PURIFICATION SYSTEM

PAN
ultrafiltration

SGS testing

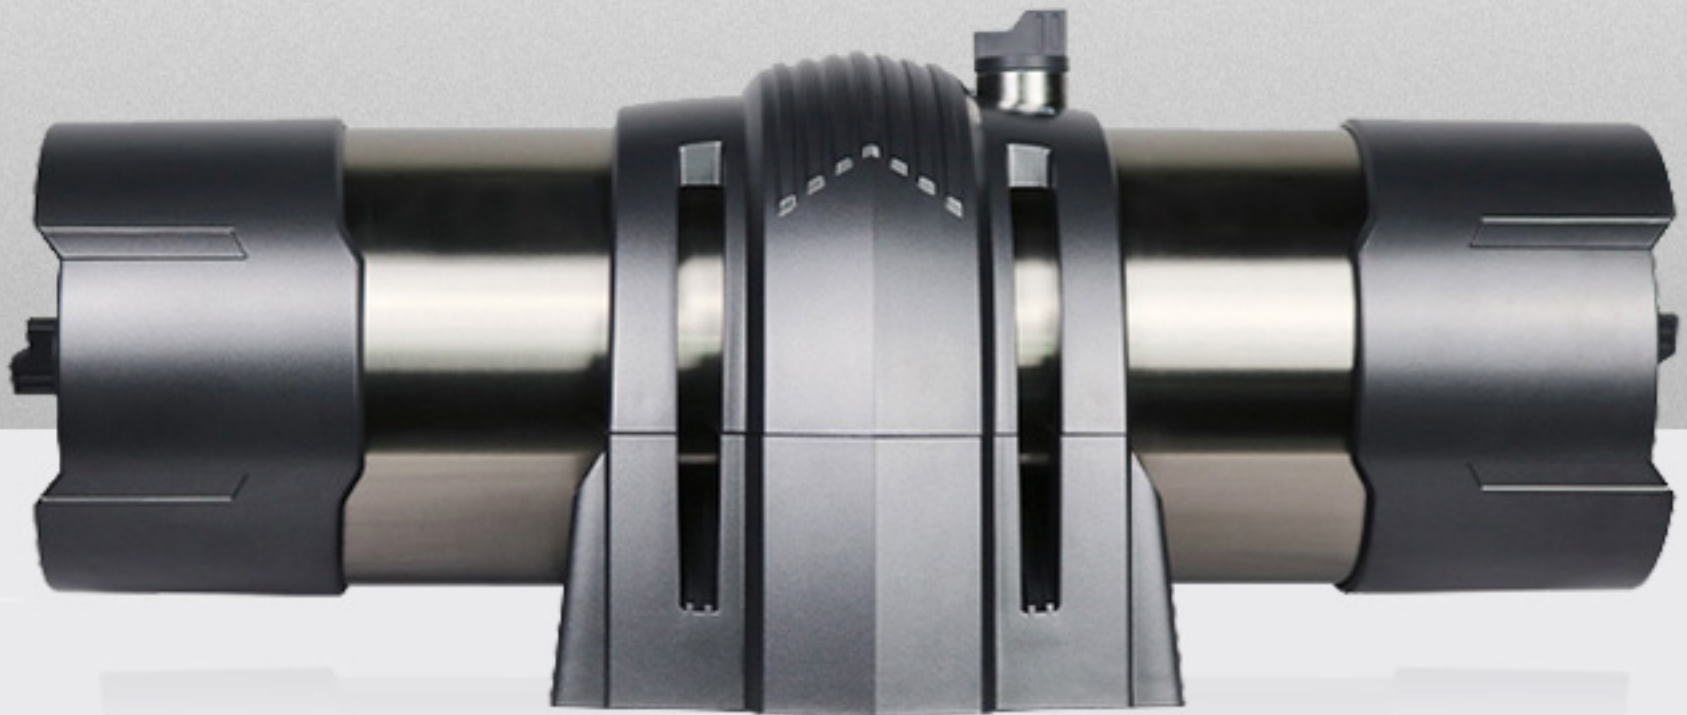

Large Flow

Physical filtering

Support
backwash

NEW UPGRADE TO ENJOY HEALTH

Large flow
do not wait for water

0.01um purification
effect is better

304 food grade stainless steel
good air tightness and high strength

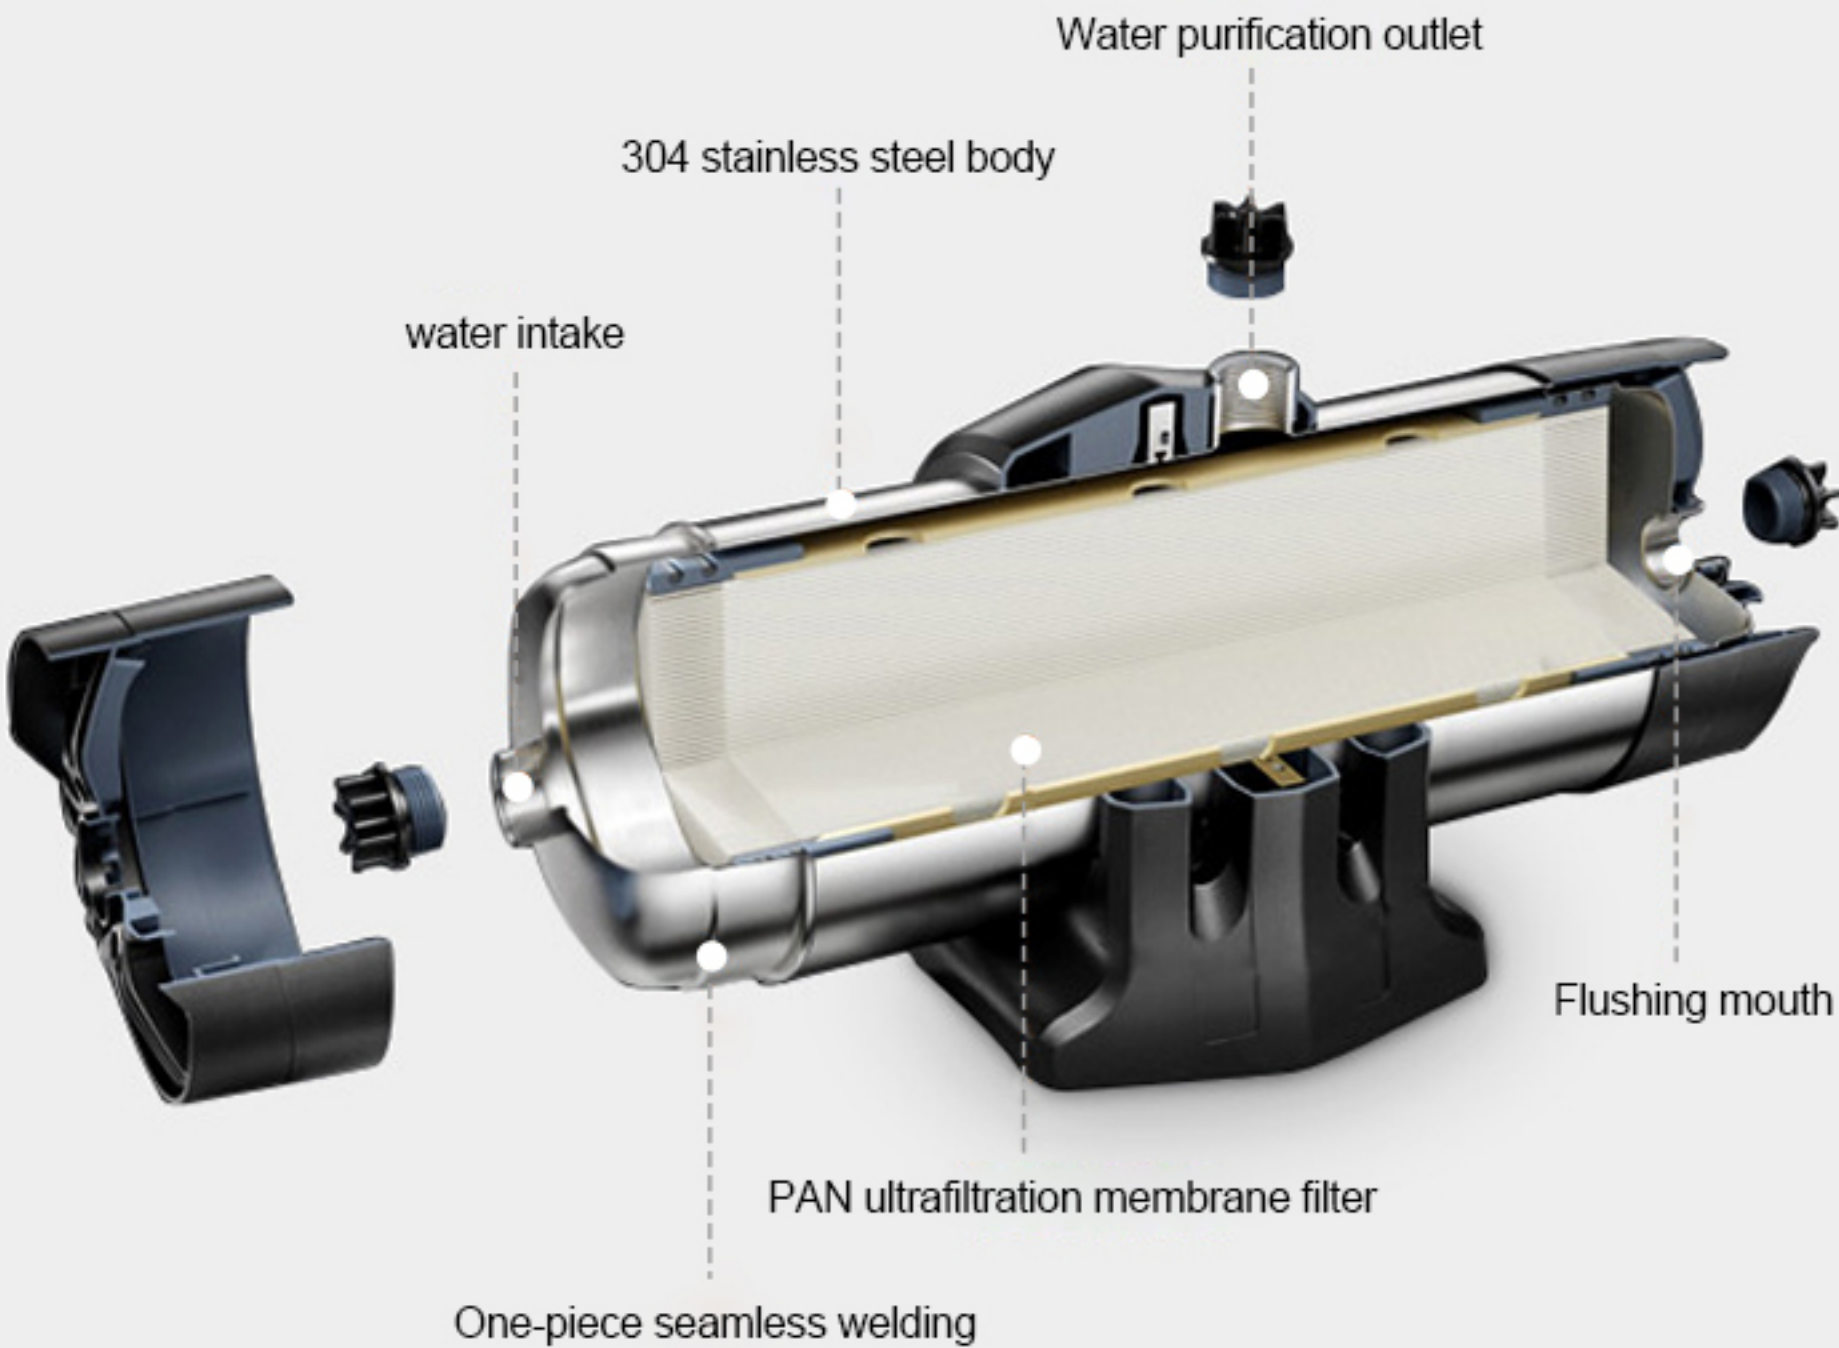

Retain beneficial
mineral elements

Simple installation
does not occupy space

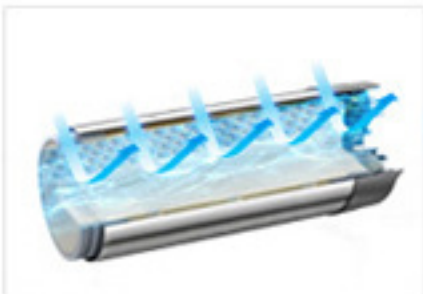

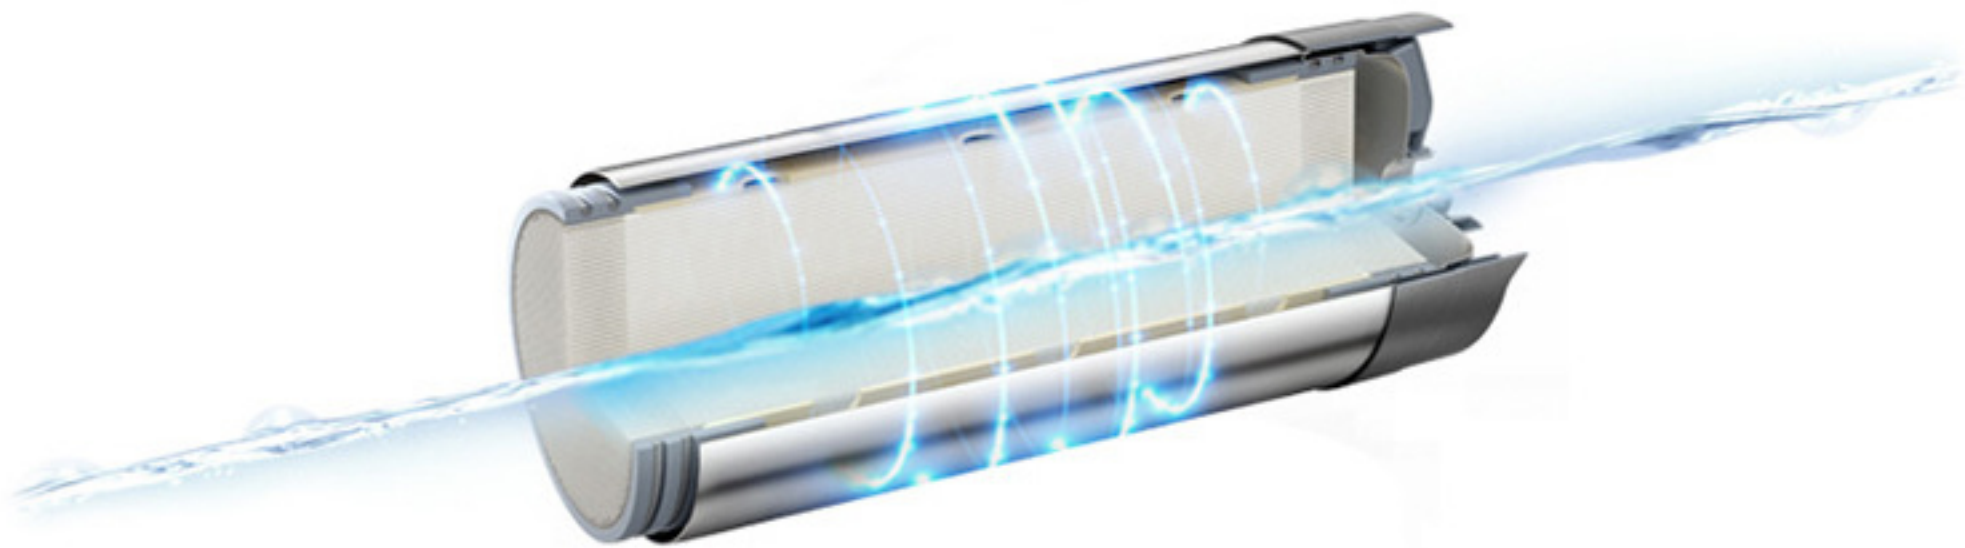

Pure physical filtering
without electricity

GOOD WATER COMES FROM GOOD CORE

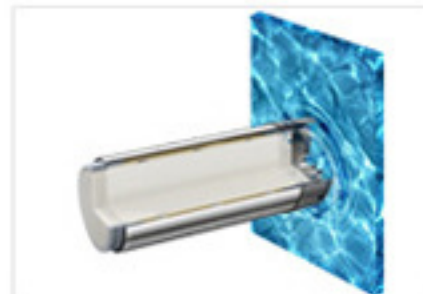

0.01 micron high-precision filtration, ultrafiltration can drink directly
PAN material is safe and reliable

Net core technology without secondary pollution

Using PAN ultrafiltration membrane material

Mirror film making with high finish

Membrane wire precision filtering ability

ULTRAFILTRATION MEMBRANE SEPARATION AND FILTRATION TECHNOLOGY

0.01UM
