Save more power**

Can save more than 1/3 of laundry liquid  
Save more than 20% of electricity  
Extend the life of washing appliances

# PRODUCT SPECIFICATIONS

## Product parameters

Product number :	NBN-S5
Product name :	NBN-R
Working water temperature:	4°C-38°C
Work flow:	1500-2000L/h
Continuous water production:	7T (under the adjustment of 100ppm)
Working pressure:	0.01-0.35Mpa
Inlet and Outlet Caliber:	3/4 "
Flushing caliber:	1/4 "
Filter:	British Blright Food Grade Resin
Product Size:	410*240*720mm
Cycle water production:	3m <sup>3</sup>
